Lynne and Angus MacLennan, from Scotland to France

Scottish couple Angus and Lynne MacLennan have developed a successful stable in Britain and Ireland, and maintain strong links with the sport in their home nation. But they also own a house in the West of France and have invested significantly in French jumps racing over recent years. Since the AQPS Bon Augure (My Risk) gave them a first taste of Group success in the Gr.2 Prix des Drags, their French stable has steadily grown in quality and quantity. On 24th November, they enjoyed a first Group 1 victory thanks to another AQPS, Kingland (Cokoriko), winner of the Prix Renaud du Vivier and the third richest jumps horse in France in 2024.

Kingland, the dream horse

Buying young horses is the best way to access well-bred and classy individuals. This has been the case with Kingland. Angus MacLennan explained to Jour de Galop, «We purchase a lot of foals and we want the best. We can dream with Kingland. Our objective is now to win another Group 1! Of course we would love to win the Grand Steeple-Chase de Paris.» Maybe with Kingland?

Brish and Irish owners investing in France is not a recent phenomenon, but it has become more common in the past two years. Angus and Lynne MacLennan have been visiting French racecourses since 13th April 2014, the day when **De Bon Augure** (My Risk) finished second on his debut on the flat at Lignièrès for trainer Adrien Lacombe. «We have had horses here for the past ten years, and we now have a lot of horses in

co-ownership. Some in association with [Cyprès], others with Hubert [Mauillon], and also Monsieur Corveller... We have a good string of horses at the moment.»

Prize money attracts international owners

During the 2023/2024 jumps season in Britain and Ireland, the MacLennan stable won 15 races for total earnings of £201,483. The financial reward is not very high. Angus ▶

► and Lynne MacLennan turned to France ten years ago and they ended the 2024 season with a prize fund of 411,945 € for 12 wins and 41 places, around the double of their earnings across the Channel with similar statistics. Prize money is the reason why they chose to have horses in France, as the couple explained to JDG, « *We decided to invest here because of the prize money. We started off with horses in Scotland in around 2010, but we were spending a lot of money with little return. So we decided to try our luck in France. Our adventure started with Bon Augure whom we bought without seeing him in the flesh. Thanks to him, we discovered how the French system worked, and how well! Bon Augure was a very good horse and he launched our activity here. Through him, we met Joffret [Huet] and we have worked together since that time. He has helped us to meet many people in racing and that is very important for us. We love France and we have a house here. All the owners and trainers are very friendly, and we have always been made very welcome.*»

The benefits of co-ownership

Even major owners possess horses in association. This represents a good solution to keep promising horses in France and resist

attractive offers from across the Channel. Angus and Lynne MacLennan have joined forces with other owners such as Hubert Mauillon or Thierry Cyprès and partners for **Kingland**. «*We decided to share horses in order to have a greater number. And it's great*

fun to share ownership with people that we get along well with.»

The blank and orange silks are represented by horses in training with François Nicolle, and also with Arnaud Chaillé-Chaillé, Louisa Carberry, Jérôme Delaunay, Gabriel Leenders and Daniela Mele.

Owners since 2010

The MacLennans became racehorse owners across the Channel in the 2010s. Angus MacLennan explains their route into the sport. «*We used to go to the races as a family and that's how I discovered the sport. We then became owners, firstly with a flat horse. But it wasn't a good experience. The horse wasn't any good and we called it a day. We had our first jumpers with Michael Scudamore, then we had Bon Augure in France. Today, we have around twenty horses between England, Ireland and Scotland. We have horses with Paul Nicholls, Neil Mulholland, Donald McCain, Ruth Jefferson, Nick Alexander, Willie Mullins and Ben Pauling. The latter trains our best horse in the UK [Diva Luna, winner of the Mares Bumper (Gr2) during the Grand National Festival at Aintree]...» ■*

FRANCE

A prolific autumn for the AQPS

Both over jumps and on the flat, the AQPS were represented by top-class horses during the last season. In 2024, we witnessed the rise of champion Kingland, who was in a class of his own when winning the Gr.1 Prix Renaud du Vivier. But he was not the only member of his breed to make an impression. Let's take a look back at a great sporting season for the AQPS.

4-YEAR-OLDS

Kingland, king of the autumn season

Kingland (Cokoriko) is the best AQPS of 2024. The representative of Ecurie Madame Lynne MacLennan, Ecurie Thierry Cyprès & Sons, Paul-Etienne Carrillon and Renaud Lavillenie dominated the autumn season with wins in the Gr.3 Prix de Maisons-Laffitte, Gr.3 Prix Pierre de Lassus and Gr.1 Prix Renaud du Vivier. In total, he amassed prize

money of 369,410 €, making him the richest AQPS of the season. François Nicolle's charge has a huge future ahead of him and this could include the Gr.1 Grande Course de Haies d'Auteuil in May. Bred by Thierry Cyprès in the Nièvre region, he is none other than the brother of **Figuro** (Yeats), winner of the Gr.1 Prix la Haye Jouselin and Prix Maurice Gillois.

In addition to Kingland, two other noteworthy four-year-olds are **Kolokico** (Cokoriko) and **Kentucky Wood** (Balko). The former, carrying the colours of Lord Daresbury in association

with the Ecurie Madame Jacques Cyrès and Nicolas Cyrès, won the Gr.1 Prix Ferdinand Dufaure during the spring and then in autumn lifted the Gr.3 Prix Morgex after a fourth place in the Gr.1 Prix Maurice Gillois. Kentucky Wood finished second in the Maurice Gillois, and kicked off a Pau campaign with a success over hurdles in the Prix Albert de Taillac. Owned by Alain Jathière, the Haras de Saint-Voir and Franck Deliberos, he is another promising element for the future. Pedigree analysis for Kolokico and Kentucky Wood can be found in previous editions. **Kandy Park** (Waldpark) is also among the leading four-year-olds over fences. In autumn 2024, the Papot family's gelding won the Listed Prix

Kador de Ciergues (Masterstroke) was to the fore during the spring season, taking second in the Gr.3 Prix The Fellow-Marquise de Moratalla and third in the Gr.3 Prix Orcada. Consistent and reliable, the representative of Equotair, Chauvigny Global Equine, Ecurie Brillantissime, Ecurie Nosat and Gabriel Leenders was bred by Jean-Louis Devillard in the Saône-et-Loire. ▶

► Knoxville a progressive filly

Winner of the Prix Jean Noiret, **Knoxville** (Tunis) finished second in the Prix Triquerville (L) before lifting the Prix Sytaj (Gr3). The progressive representative of the Ecurie Hub de Montmirail, Ecurie Madame Jacques Cyrès and trainer Arnaud Chaillé-Chaillé, could reach the top level in 2025. Knoxville was raised in the Nièvre by Jacques Cyrès, and she is a daughter of **Moskville** (Kadalko), winner of the Prix Louis Champion and fifth in the Prix Maurice Gillois (Gr1), and a sister of **Vieux Morvan** (Voix du Nord), second in the Gr.2 Prix Georges Courtois and Prix Murat.

To conclude this section on the four-year-old generation in autumn, **King Conti** (Pastorius) also deserves a mention. After a promising first semester, he lifted the Prix Sambristan steeplechase at Auteuil by a dozen lengths in November for owner Patrick Joubert and trainer Hugo Merienne.

Jeu de Thaïx (Authorized) made his mark during the first semester, with victory in the Gr.2 Prix la Barka, and he continued in the

same vein during the autumn, scoring impressively in the Gr.3 Prix de Compiègne and Prix Carmarthen. Bred by Michel Bourgneuf in the Nièvre and owned by the Papot family, he is trained by Daniela Mele. Another high-class AQPS in the same Papot family ownership, **Hermès Baie** (Crillon)

made a successful return to racing, finishing third in the Gr.1 Grand Prix d'Automne before lifting the Gr.2 Prix Léon Olry-Roederer. The gelding, bred by André-Jean Belloir in the Manche region, is likely to switch to steeplechasing in 2025 and could aim for the Gr.1 Grand Steeple-Chase de Paris. Another AQPS among the elite older hurdlers, **Heloy Delabarrière** (Chœur du Nord) was runner-up in the Gr.1 Grand Prix d'Automne, and Gr.3 Prix de Compiègne and Prix Carmarthen, for owner Emmanuel-Julien Leclerc and trainer Arnaud Chaillé-Chaillé. Juntos Ganamos achieves a small feat in La Haye Jousselin

After a successful spring campaign, Juntos Ganamos (Martaline) made a winning return in the Gr.3 Prix Heros XII. In the Gr.1 Prix la Haye Jousselin, the AQPS belonging to Alain Jathière, Gérard Augustin-Normand, Margaux Cottin, Ecurie Enzo, Michaël Rizieri, Ecurie Thomas Sivadier and Stéphanie Nigge braked coming into the rail-ditch and was almost out of the race, but he made a remarkable comeback to finish third. Bred by the late Magalen Bryant, he was then entered in the Gr.1 King George VI Chase by trainer David Cottin, where he had to settle for seventh place.

Jeune Coko, leading five-year-old

Progressive throughout the 2024 season, **Jeune Coko** (Cokoriko) ended the year with victory in a strong renewal of the Gr.3 Prix Fondateur. He belongs to Roger Stanley and his trainer Emmanuel Clayeux, who also bred the gelding at Vaumas in the Allier region. A bright future for Lauthentyko

The richest member of the three-year-old generation of AQPS over jumps in 2024 is **Lauthentyko** (Pour Moi). He earned a total of 68,300€, notably thanks to his second place in the Gr.2 Prix Congress for owners Hugo and Pierre Pilarski in association with Antoine Taillandier, Renaud Lavillenie, Romain Gavillon, Théophile Chaude, Jules and Marius Cyprès. Lauthentyko is trained by Noel George and Amanda Zetterholm and he was bred in the Nièvre by Thierry Cyprès. Liprika d'Anjou (Jeu St Eloi) offered a first Listed success to her owner-trainer Catheline Charrier when winning the prestigious Listed Prix Fifrelet. Born in the Maine-et-Loire for breeder Alain Jollivet, she is the best member of her family to date. **Layla Lux** (Doctor Dino) is another promising filly. Ladiva Smart (Manduro) was crowned leading AQPS three-year-old. Following bad weather, the «AQPS Derby», the AQPS Gr.1 Prix Jacques de Vienne, was switched from Fontainebleau to the all-weather track at Chantilly. Ladiva Smart adapted well to the surface and the representative of Ecurie Smart, trained by Edouard Montfort, won easily. She was following up on victory in the Prix Richard de Gennevilliers (Gr3 AQPS) and second places in the Prix de l'Avenir and Prix du Lion d'Angers (Gr3 AQPS). Ladiva Smart ended her season with second in the Prix des Guilledines (Gr3 AQPS). She was bred in the Mayenne region by the Ecurie Smart and she is a daughter of dual AQPS Group victrix **Barbarella Smart** (Hurricane Cat).

The Haras de Saint-Voir champions again

As in 2022 and 2023, the Haras de Saint-Voir is crowned leading AQPS owner over jumps in 2024, with earnings of 669,491 € and 21 wins, thanks notably to the likes of **Il est Français** (Karakter) and **Général en Chef** (Martaline), who were both successful in Group races in 2024. Nicolas and Justine de Lageneste's operation leads the same placed owners as in 2023, the Papot family and trainer Emmanuel Clayeux, but in reverse order as the previous season, the handler from Vaumas finished ahead of the blue and green silks of the Papot family. In 2024, the latter took second place with 601,849 € in prize money, 13 wins and only 14 % of AQPS in their stable. These include the talented **Jeu de Thaïx** (Authorized) and **Hermès Baie** (Crillon), as well as **Kandy Park** (Waldpark), all Group scorers over hurdles at Auteuil. Emmanuel Clayeux is third in the table with earnings of 474,978 € and 29 victories, making him numerically the most successful AQPS owner over jumps. His stock is composed of 61 % AQPS horses and the breed won 75 % of his total earnings. **Jeune Coko** (Cokoriko), who he also bred, notably won the Gr.3 Prix Fondateur. The influence of Emmanuel Clayeux on these standings is considerable because he also trains for the Cyprès family and Lord Daresbury who both feature in the top ten leading AQPS jumps owners. Arnaud Chaillé-Chaillé appears in the top ten, for the first time in some years. The trainer based in Royan earned 319,739 € from 16 wins, with only 13 AQPS, or 16 % of his stable. These feature multiple-placed **Heloy Delabarrière** (Chœur du Nord). Two British-

based owners, Andrew Peake and Lord Daresbury come next. The former amassed prize money of 315,318 € and his AQPS which include Group winners **In Love** (Great Pretender) and **Général en Chef** (Martaline), contributed 57 % of this total. The second has

been represented solely by AQPS runners! Lord Daresbury raced ten horses over jumps in 2024, all AQPS, such as his champion **Kolokico** (Cokoriko), whose successes in the Gr.1 Prix Ferdinand Dufaure and Gr.3 Prix Morgex boost his total prize fund. ■

Etienne Leenders calls time on a rich and successful career

Having operated in association with his son Grégoire for the past ten years, Etienne Leenders has decided to call time on his training career.

Etienne Leenders

In Jour de Galop, he explains his decision, «I took the decision ten years ago! In 2024, we bought the Haras des Landes training centre, as our sons Grégoire and Gabriel wanted to

set up as trainers. They were keen to acquire the training centre and I told them that I would continue until I was 70 years old and then I would retire. It was a considered decision. I have other interests in life and I will keep busy with other activities.» Etienne Leenders will never be far away from his sons Grégoire and Gabriel and their beloved training tracks at Jarzé, but he will no longer play a part in deciding the horses' racing programmes. He has also passed on responsibility for the breeding operation to Grégoire, who will now manage the family's six broodmares.

A family affair

Etienne Leenders retraces the family love affair with horses, «It's a passion which runs in the family. My father left the Netherlands in 1949 to come to France. In the Netherlands, there wasn't much racing. My father began by breeding and then he trained for many years in Normandy. As for me, I rode in eventing but due to a health issue I was unable to become

an amateur jockey. My brother Norbert is also a trainer and Grégoire and Gabriel are the third generation to work with horses.» Etienne, his two sons Grégoire and Gabriel, and his brother Norbert, are all trainers, and Etienne's grandchildren have also inherited a passion for horses. Etienne's wife Christine also plays a vital role within the training enterprises and in the AQPS Association of Western France.

Debut De Printemps

Passionate about cross-country racing

After working for Peter Nelson at Lambourn in England, at the Haras de Ravensberg in Germany and with trainer Jean Couétil at the Haras de Sai, Etienne settled in Normandy. After studying the map of French racecourses and the proximity to the Paris region, he then moved to the Anjou region, to Tiercé, then Durtal, and finally to Jarzé. Etienne Leenders has enjoyed success on the flat, over jumps and particularly in the cross-country discipline, notably with champions **Chriseti**, **All Ready**, and **Début de Printemps**.

He explains, «*cross-country racing is a passion for me. I have won the Grand Cross de Craon seven times and the Anjou-Loire Challenge three times. We had Chriseti who won both races, a rare accomplishment over two very different tracks. Cross-country horses are borderline top jumps horses, but who don't accept the workload to reach the elite level. These horses need to be kept happy, they have to enjoy jumping and racing. We do more work on their morale than*

on their physical side. Cross-country has always been my passion. I always said that the sport was like a dance-partner for me! This is where I got the biggest thrills.»

Consistently successful with AQPS

Among Etienne Leenders' 3000 victories, a large number have been earned by AQPS. «*We have won a lot of AQPS Group races, but we*

have reduced our AQPS flat activity in recent years as these races do not offer owners' premiums. The aim with the fillies and mares is to add value for their breeding career. AQPS horses represent a tradition in the West of France, they are very important in our region, as we compete against the Centre of France! Nowadays, more and more AQPS horses are campaigned directly over jumps.» ■

Jet Blue showcases French training

The early part of the anglo-irish jumps season was quite calm for the AQPS. However the breed did supply several notable performances, ahead of the spring festivals at Cheltenham, Aintree and Punchestown, such as the victory of Jet Blue.

As explained in the sales section, **Jet Blue** (Martaline) was purchased by Hubert Barbe on behalf of Caroline Tisdall at Arqana's Autumn Sale. He joined trainer David Cottin, for whom he made his debut directly at Cheltenham! Jet Blue lined up in the Gr.2 Albert Barlett Novices' Hurdle, a trial for the Group 1 which carries the same name during the Cheltenham Festival. He made an excellent impression, beating a strong field by six and a half lengths. He will now be aimed for the Albert Barlett Novices' Hurdle during the Festival. Jet Blue was bred

by Neustrian Associates and the Haras de Montaigu in the Orne region of Normandy, and he is a nephew of champions **Questarabad** (Astarabad) and **Crystal Beach** (Network).

Envoi Allen, still a force at 10 years old!

At the ripe old age of 10, **Envoi Allen** (Muhtathir) won his second Gr.1 Champion Chase at Down Royal on 2nd November 2024. This was a ninth success at the highest level for the AQPS who has scored in Group 1 races on the flat (bumper), over hurdles and fences

for owner Cheveley Park Stud and trainer Henry de Bromhead. We have already had the opportunity to relate the pedigree of this horse bred by Bruno Vagne (Allier region).

A first Gr.1 steeplechase for Impaire et Passe

Impaire et Passe (Diamond Boy) won his first Gr.1 over fences in the Faugheen Novice Chase at Limerick on 28th December 2024, and at the time of writing, he is unbeaten in two steeplechase outings. Willie Mullins's charge,

SCOPPYGA

who carries the colours of Simon Munir and Isaac Souede, counts four Group 1 successes. He was bred by the Haras de Peyre and Pascale Papon in the Landes region, and we have studied his pedigree in previous editions.

A great performance from **Il est Français**

The graduate of the Haras de Saint-Voir, **Il est Français** (Karakter), was unable to show his true talent in the Gr.1 Prix la Haye Jouselin, but he set the record straight in the Gr.1 King George VI Chase. Jointly owned by Richard Kelvin Hughes and the Haras de Saint-Voir, he took command of the race from the outset, leading by some margin. He jumped perfectly and it was only in the final strides that the representative of the tandem Noel George/Amanda Zetterholm was dominated by the Joseph-O'Brien-trained Banbridge (Doyen).

Energumène ne lâche rien !

Bred by Christophe Dubourg, **Energumène** (Denham Red), won the Gr.2 Hilly Way Chase at Cork for the third time, when making his seasonal debut on 8th December. On his next outing, in the Gr.1 Clarence House Chase, he had to settle for second place behind the frenchbred champion **Jonbon** (Walk in the Park). Third in the Gr.1 Grande Course de Haies d'Auteuil (Gr1) for Mickaël Seror, **July Flower**

(Pastorius) was then sold (see the article on international sales). Her former trainer, Henry de Bromhead, was the successful bidder and she won first time out for her new stable, in the Gr.3 Mares' Hurdle at Leopardstown over the Christmas period. The four-year-old **Lulamba** (Nirvana du Berlais), hot favourite for the Gr.1 Triumph Hurdle before he had even made his debut in the UK for Nicky

Henderson, strolled to success in a juvenile hurdle at Ascot and justified his popularity for the Festival. Lulamba was bred in the Nièvre region by Thierry Cyrès and he is a son of the useful Listed runner-up **Ejland** (Vision d'Etat). He won the Prix Isopani for owner Ecurie Hub de Montmirail and trainer Arnaud Chaillé-Chaillé before being sold to Joe Donnelly.

FRENCH SALES 2024

AQPS perform well in a difficult market

The year 2024 began well for sales of National Hunt horses, but then the market stuttered, due in particular to Irish investors' dependence on the point-to-point business, which experienced turbulence. However against this difficult backdrop, the AQPS label fared rather well.

ARQANA SUMMER SALE

Karma d'Airy, top priced AQPS

Placed in both outings over hurdles at Auteuil for trainer Hugo Merienne, **Karma d'Airy** (Authorized) was sold for 250,000 € to PB Bloodstock and Harold Kirk, working on behalf of Willie Mullins. Bred by the Scea de la Vallée de l'Orne and raised in the Meuse region, the filly carried the colours of her breeder in France. She is a daughter of **Quaska**

d'Airy (Cachet Noir), winner of the Prix Sytaj (Listed at the time). During the same session, **Kissman** (Karakter), a winner over hurdles at Compiègne as a four-year-old for trainer Etienne d'Andigné and the colours of his breeders, the Magnien family, was bought for 125,000 € by Adam Bloodstock. He is a brother of **Gasconne** (Peer Gynt), third in the AQPS Group 3 Prix Yves d'Armaillé.

ARQANA ARC SALE

Willie Mullins snaps up Livio for 260.000 €

At Arqana's Arc Sale, Willie Mullins, operating with Pierre Boulard and Harold Kirk, purchased **Livio** (Cokoriko) for the sum of 260,000 €. The gelding had

recently made a victorious debut in the AQPS Gr.3 Prix du Tremblay for trainer Lucie Pontoir and owner-breeder Jean-Louis Berger from the Saône-et-Loire region. He is a nephew of Gr.3 Prix Robert de Clermont-Tonnerre and Prix Morgex scorer **Jazz Manouche** (Nom D'La).

ARQANA AUTUMN SALE

Jet Blue joins David Cottin

Jet Blue (Martaline) has already had a varied career. Winner of the AQPS Gr.2 Prix du Bourbonnais for trainer Alain Couétil, he was then sold and joined the stable of Hugo Merienne, for whom he won another AQPS Group flat race, finished third in the AQPS Gr.1 Prix de Craon and then scored at Auteuil. He passed through the sales ring once again at Arqana's Autumn Sale, where he was knocked down for 220,000 € to Hubert Barbe's Horse Racing Advisory. He was sent to trainer David Cottin for new owner Caroline Tisdall, and he was successful on his first outing for new connections, winning a Group 2 contest at Cheltenham, where he will return for the Festival. Jet Blue was bred in the Orne region by Neustrian Associates and he is a nephew of champions **Questarabad** (Astarabad) and **Crystal Beach** (Network). Still at the Autumn Sale, the hammer fell in favour of Nicolas Bertran de Balanda at 150,000 € for **Le Tiep's Sacré** (It's Gino), a recent excellent third at Auteuil for the Ecurie Team Spirit and David

Cottin. Bred by Michel Contignon and his wife in the Meurthe-et-Moselle, Le Tiep's Sacré is a son of Pau cross-country victrix **Sacrée Tiepy** (Ungaro).

Pierre Boulard and Harold Kirk continued their shopping for Willie Mullins, picking up **Légionnaire Forez** (Estejo) for 140,000 €. The nephew of the talented **Ho Ho La Forez** (Saddler Maker) was bred in the Loire by the Coÿne family and had finished second on the flat for Michaël Seror at Paray-le-Monial. **Kelya** (Kapgardé) won over hurdles at Nantes before being placed at Auteuil for owner-trainer Stéphanie Jaffrelot-Bedon, and she was bought for 120,000 € by George Mullins. She was bred by Sébastien Chemin in the Mayenne region and is a niece of champion **Jérico Vallis** (Murmure).

Osarus held its traditional National Hunt sale at Lion d'Angers on 5th November. The yearling **Narcos d'Anjou** (King Edward), bred by Mustang Ltd in the Loire-Atlantique, changed hands for 22,000 € in favour of Equos Racing/Jean de Mieulle. ■

MAY STORE SALE 2024

AQPS Lady Blackmore makes top price

Lady Blackmore (Bathyrhon) was bred in the Manche region by Vives Terres and Pierre Ouvry. The filly hails from the family of Gr.1 hurdle winner Jango Baie (Tiger Groom).

DERBY SALE 2024

L'Unique Allen joins Paul Nicholls

Frenchbreds were very much to the fore at the Derby Sale 2024, and among the AQPS, **L'Unique Allen** (Beaume de Houelle) estab-

Laska d'Airy

shed the top price. Bred by Bruno Vagne in the Allier region, the son of Gr.3 Prix André Michel victrix **Une Destiné** (Assessor), was knocked down for 100,000 € to Tom Malone on behalf of Paul Nicholls. Another leading British trainer, Dan Skelton, accompanied by Ryan Mahon, purchased **Leaume de Mée** (Beaume de Houelle) for 95,000 €. The gelding carries the suffix of his breeder André Pommerai from the Mayenne region, and he is a nephew of **Hermès de Mée** (Kapparde), third in the Listed Prix Roger Saint.

The same tandem of Mahon-Skelton were also successful bidders at 90,000 € for **Laska d'Airy** (Motivator). This filly was raised in the Meuse region by the Scea de la Vallée de l'Orne, and she is a niece of Gr.3 Prix Sytaj winner **Quaska d'Airy** (Cachet Noir). Willie Mullins and Harold Kirk were also active, buying **Lucifer d'Ainay** (No Risk at All) for 90,000 €.
